A CARD.

R. FINLEY HUNT, DENTAL SURGEON, will receive and treat all cases, both in the operative and mechanical departments of his practice, in the best manner and to the entire satisfaction of those who may require his professional services.

In the preservation of the natural teeth his success is attested by a sheadily increasing practice during a nine years' residence in Washington.

In the mechanical department, having secured the assistance of Mr. R. B. DONALDSON, a gentleman of skill and experience in all that pertains to that branch, he is prepared to manufacture for each particular case Porceiain Treth unsurpassed in beauty and natural appearance. Specimens of these can be seen at his office.

Notice to the Citizens of Washington.

THE BOARD OF ASSESSORS hereby give notice that they will meet daily at their room in the City Hall, from ten o'clock a. m. to two o'clock p. m., from the 15th to the 31st day of December instant, inclusive, Sundays and Christmas day excepted, for the purpose of correcting any errors that may be pointed out in the lists of persons subject to a school tax for the year ending on the 31st day of the present month, (Pecember), and of adding thereto the names of any persons subject to the said school tax which may have been omitted therefrom.

The Board would particularly call the attention of all to the fact that no person can vote next year at any election in this city whose name has not been returned as subject to the school tax for this year. Every free white male citizen of this city of the age of twenty-one years and upwards would therefore do well to see whether his name be on the said lists, and, if omitted, to give notice to the Board of Assessors, that it may be added and returned for this year.

GAUTIER'S HERB CANDY.

For Coughs, Colds, Bronchitis, Asthma, etc.

THIS INVALUABLE CANDY has the extraordinary property of immediately relieving coughs, colds, hourseness, difficulty of breathing, bronchitis, asthma, and huskiness of the throat. It operates by dissolving the congenied phleym, consequently cau ing a free expectoration.

Those who are troubled with that unpleasant tickling in the throat, which deprive them of rest night after night, by the incessant cough which it provokes, will, by using this Candy, find immediate relief.

The subscriber, in presenting this Candy to public notice, wishes to be expressly understood that he does not claim for it any miraculous curing properties, nor does he present it with a long string of certificates of recommendation, as he considers these altogether needless.

This Candy is composed of six simple ingredients, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would deter many from resorting to them; but, when made into a candy, become palatable, without losing any of their valuable properties.

It has been prepared at the suggestion of one of our most eminent physicians, and has been used by many of his and my personal friends with signal success, and at whose carnest solicitation I have been induced to enter largely into its manufacture, assured by him and them that whom generally known and tried it will supersede all the various cough candies and mixtures now in use.

As for myself, I am conflient, from the ingredients of which it is composed, that, should it not effect an entire cure, it can do no injury even to the most delicate in health, and therefore have no hesitancy in introducing it to the citizens of Washington and vicinity.

Buscorious for use: Use one stick per day—in the morning before breakfast, in the middle of the day, and at nig

CIRCULAR.

CIRCULAR.

WASHINGTON, August 1, 1851.

GIR: After consulting many persons interested in the principal Rallroads in the United States, the undersigned propose to establish agencies in this city and in New York, for the purpose of collecting full and authentic Railroad statistics and such other information as will enable thera to serve persons desiring to invest in Railroad securities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorize the Post Office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent. bonds of the United States, chargeable upon the revenues of the Post Office Department, an amount, the interest upon which at 6 per cent. would equal the payments now made.

The Government now pays \$300 per mile for carrying the mail on first-class Railroads. This is 6 per cent. on \$6,000. The undersigned would urge that, instead of paying \$300 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$300 to \$250 a mile, per annum, and the \$50 a mile saved would create a sinking fund, which will, in a few years, pay off the bonds, and give the use of such roads forever thereafter free of all charge; thereby effecting a vast saving on the present annual expenditures of the Pest Office Department, and a consequent reduction of the rates of postage.

The effect will be no less advantageous to Railroad companies than to the Government. For instance, such a contract would give to the Baltimore and Ohio Railroad

The effect will be no less advantageous to Railroad companies than to the Government. For instance, such a contract would give to the Railimore and Ohio Railroad Company more than \$2,000,000, which would enable that company to complete its road at an early day, and greatly increase its business and profits.

But to meet objections and impress the public mind with a proper sense of the benefits to result from this measure will require concert of action and continued active effort, through the press and otherwise. The undersigned tender their services to your company, expecting a reasonable compensation, partly contingent upon the success of the measure; and respectfully suggest the propriety of your sending one or more delegates to this city, on the first Wednesday in December next, to confer with delegates from other Railroad companies, as to the details of the proposed arrangement and the best mode of beinging the subject before Congress.

Should it be your pleasure to accept of our services in this matter, we will promptly attend to all other business, which you, or your Company, may have with the Post Office Department, or other branch of the Government.

Hoping to hear from you at your earliest convenience, we are, respectfully, your obedient servants.

WONDERFUL DISCOVERY!

"NONE NEED DESPAIR."

All must admit there never has been given such a mass of genuine testimony in favor of any other medicine. Give it a trial! It cures when all other remedies have fulled. Greater weight of testimony cannot be given—from the first men in this country.

BALTIMORE, Sept. 18, 1861. GENTLEMEN: After a full and satisfactory trial of the medicine prepared by you, and very generally known as Dr. Hampton's Vegetable Tincture, which you recommended me to use as a relief for the debility and general reconstruction of mercentages.

mended me to use as a relief for the debility and general prostration of my system, the result of taking three bottles of this wonderful compound has, I am pleased to say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confidently recommended it to many of my friends and acquisitances, and am happy to learn that in a great majority of cases the most beneficial results have stamped the infallibility of the Tincture. In my own case, I am satisfied that your advice to me to give it atrial has, under the blessing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

Respectfully, JOS. K. STAPLETON,

MORE HOME TESTIMONY.—NONE NEED DESPAIR. TRY IT AND BE CURED.—WONDERFUL AND PERMANENT CURE OF DYSPEPSIA.

BALTIMORE, Sept. 13, 1851.

Messrs. Mortimer & Mowbray.—Gentlemen: This is to certify that in the year 1843 I was attacked with a nervous affection, in consequence of Dyspepsia or Indigestion, which continued some eighteen months, during which time my sufferings were intense, both of body and mind. I tried every thing I could think or hear of, (as there was much sympathy for me,) and at length all efforts failed to cure me. I became much weakened, and could walk but a very short distance at a time, and was often in the act of falling upon the pavement, (I would stop in some door or alley to prevent it.) in consequence of frequent palpitations; and, from what I could learn, I supposed I had discuse of the heart, from frequent distressing pains about the same; as also my chest and abdomen—the latter being much distended. At this stage of my disorder I could neither eat, sleep or walk with any satisfaction to myself. Life reemed to be a burden to me. My feelings were gloomy beyond description.

I at length heard of Dr. Hampton's Vegetable Tincture, and made trial of it. I had but taken the first dose when I felt a change for the better, and hope immediately sprang up. I continued, with the use of this invaluable trincture, to improve daily, until I had taken the contents of three bottles, which, under Divine Providence, made a perfect cure of me.

I found I had an excellent appetite, and could partake of any food, which I could not do for years previously without the most distressing sensations. I now enjoy uninterrupted good health, and have done so for the last six years; and would say to all afflicted as I have been, to cast aside your prejudices, and try Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. tember 19, 1848.

THE distinguising merits of this Apparatus are—

1st. The astenishing rapidity of the process, surpassing being—hence the name.

2d. The Cream during the progress of freezing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and delicacy of flavor, for which the Ice Cream of our best Confectioners is so highly prized.

3d. It does not require a tenth part of the labor that the common Freeper does.

4th. It does its work better, producing a better article, in every respect, than by any other mode.

5th. There is a considerable saving in ice, as the tub needs no replenishing during the operation.

The annexed testimonial from the Proprietor of the Eutaw House will put to rest all doubt.

"Having witnessed the process of freezing Ice Cream in Austin's Magic Freezer, two quarts of Cream having been frozen in the incredible short time of six minutes, I cheerfully recommend it to the public."
